Understanding and Accessing Department of Veterans' Affairs Services

The Department of Veterans' Affairs offers an extensive range of services to support veterans and their families. These are easy to access, mostly free or low cost for eligible people

These services:

- ★ enable veterans to stay independent at home
- ★ support veterans manage their chronic health conditions
- ★ can support veterans at home for a short time, during an illness or after a stay in hospital
- ★ give carers a break
- ★ can support veterans on an ongoing basis or as they transition permanently to an aged care home

The Department of Veterans' Affairs:

- ★ supports veterans and their families to live full and active lives
- ★ understands that as people age the range of support and services they need to stay at home and independent becomes greater
- ★ wants veterans and their families to know about the range of services that could help them, which are easy to access and mostly free

Hearing Services Webinar
Wednesday 23 September
11:00am – 11:30am AEST

Hearing loss and tinnitus are two of the most common conditions experienced by veterans, due to their exposure to loud noise during training and service. These conditions can have a significant impact on veterans' quality of life.

This webinar will cover:

- ★ eligibility for hearing services
- ★ steps for better hearing
- ★ preparing for the appointment
- ★ fitting devices
- ★ the range of programs available to assist veterans experiencing hearing loss and tinnitus
